**DETAILED ACTION**

***Election/Restrictions***

1. Applicant's election without traverse of Group I in the reply filed on July 28, 2005 is acknowledged. Accordingly, applicant canceled claims 14-23.

***Claim Objections***

2. Claim 6 is objected to because of the following informalities: it is not clear whether the phrase "one dynamic optical face" is "a dynamic optical face" of claim 1 or an additional optical face. Appropriate correction is required.

***Allowable Subject Matter***

3. Claims 1-13 and 24-33 are allowed.

4. The following is a statement of reasons for the indication of allowable subject matter: claims are allowable at least for the reason that the prior art does not teach or reasonably suggest the dynamic optical face in the first position that redirects more light back to the light source than the dynamic optical face in the second position as set forth in the claimed combination.

dynamic optical face (Fig. 4, 22) that is being deflectable (due to 28), however the dynamic optical face does not redirect more light back to the light source than the dynamic optical face in the second position.

### **Conclusion**

5. This application is in condition for allowance except for the following formal matters:

See the objection set forth above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.
